

Evangelist Ted Alexander & Family

12/13/2024

Greetings, Praying Friends.

This is a quick update concerning our housing situation and an humble appeal for help with our need. We are facing another rent increase (\$800+ increase since we moved here) in two months, and- with the election causing a financial boost and with a recent, slight change in the Florida housing market- we believe, through much prayer, that we should pursue purchasing a home. We are pre-approved, have saved ourselves some for a down payment, and will begin looking at some homes tomorrow.

We are appealing to both those who previously indicated that they wanted to help us with our downpayment/closing costs and those who have not. We know we are not worthy of the kindness you already have shown to us but believe we need to let this need be known. We ran the roads for decades. We have lived in RVs and hotels/prophet rooms for 23 1/2 years, as well as rented for 5 years. We have never owned a home. As I will turn 56 years old this coming August and Ms. Jodi being not far behind me in age, coupled with the advantages of home ownership, our Pastor agrees with us that this is a wise course. We want to demonstrate our commitment to our people as well as prepare more for our older years.

We will send a follow up letter if we locate a functional and affordable home. At that time we will ask you to help, if possible, so that we may use the finances towards a down payment and closing costs. That may happen quickly!

All funds will be run through our authority-Cozaddale Baptist Temple. Feel free to contact myself (915-526-2832) or Pastor Burke (513-515-6275) with any questions you might have.

Thank you from the bottom of our hearts for your love and kindness to us throughout this church planting ministry.

In Christ's great love,
Brother Ted and Family
