

Homestead, Florida

A mission work of the Cozaddale Baptist Temple, Goshen, OH.

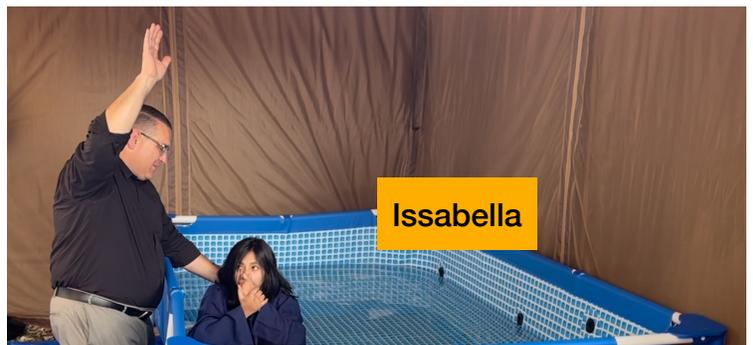

Pastor Ted Alexander & Family

03/15/2022

Greetings, Praying Friends.

We are coming back into the hot weather season here in South Florida. Last week we spent many hours out doing various types of evangelism in temperatures in the upper eighties. The humidity was brutal. On Sunday we had a major cool down for one day, as it was only in the mid- to upper-seventies. We trust all of you are preparing to get back into the harvest fields in your own area as the snow melts and the temperatures rise. We believe the time is short and the Lord is at hand.

God has really been working in hearts as we are sowing the seed of the Word of God. In early February, we had a lady named Claudia get saved in her home. The next week her teenage daughter Sierra accepted Christ. The following week her twin daughters, Issabella and Annabella, both got saved. We had the privilege of baptizing these four along with Ronald, who is the new convert we mentioned in our last letter. It is especially exciting to see Claudia grabbing fists full of tracts after the services.

We are fairly settled on a multi-faceted evangelism approach now. We are still doing pure saturation with bags of tracts and invites. We are also intermittently doing the banner ministry where we distribute literature. In addition, we are saturating in key areas and then following up with door-to-door soulwinning.

Please pray for a lady named Carol who we hope to lead to Christ soon. She knows her need and we are working on her. Please also pray for Kevin and Francine, who are both Christians who have started coming to some services.

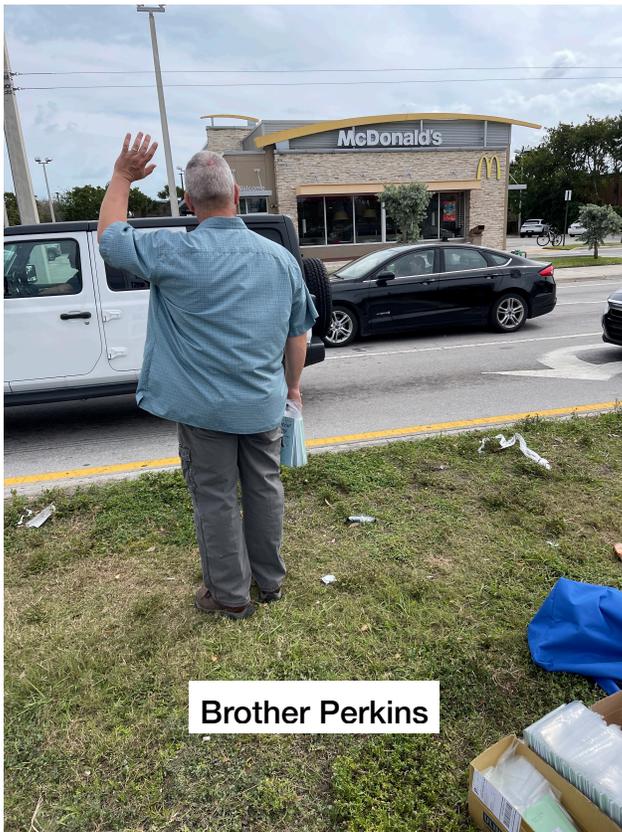

In February, Evangelist Steve Perkins and his wife came to help us with canvassing and street work. Brother Perkins also preached for us while he was here. They were a real encouragement and help in

the work. We baptized five while they were here. We rescheduled them to come to do it again next year.

I had the privilege of leading a soul to Christ last week. Alex had attended a few services and I scheduled a meeting with him at a park by the ocean. We started in Genesis and when we were done I could not stop him from getting saved! I wanted to be sure he was ready and gave him an out but he insisted on receiving Christ that day! Praise God!

Just today, I received a call from a man who found out about us from seeing our banner on Biscayne Avenue. He received a bag of literature and wants to come. He has been attending a liberal church and is tired of the drama. He is a NYC native. Pray for Hector!

On Sunday evening we will have a game-night fellowship and the following Thursday we will have a literature party after service. We will bag up one thousand EMPTY TOMB Chick tracts in preparation for our big Resurrection Sunday. We are challenging people to invite everyone they can. Pastor Burke will be with us along with some home-church folk. This is our one-year anniversary of our official launch date of the Bayview Baptist Church. I can't believe it has already been one year. We feel as though God is really beginning to move and work here.

Please pray for us! We will need to upgrade our meeting place at some point. We need God to open a door in His time.

In Christ's great love,
Brother Ted and Family
