Dec 2024

Greetings Pastors, family, friends, and prayer warriors

I trust this prayer /update letter finds you well in the Lord Jesus Christ.

This letter is to update you on the months of October and November and what our Lord has been doing through us by His grace.

-Prison ministry:

I realized after sending out the last prayer letter that I had forgotten to mention about the prison ministry here in Wyoming. As you are aware as an outreach of the church plant New Life in Christ Baptist church located in Lusk Wyoming, God has given us a weekly prison ministry.

God continues to open the doors to the prisons here in Wyoming. I am currently preaching in two prisons weekly and hope to get into more if time allows. We have had a great response from the inmates. Several have requested to follow our Lord in believer's baptism. Please help us pray that becomes a possibility as the weather warms up in the spring months. It is truly a blessing to watch the spiritual growth and hunger for the Word of God amongst the inmates. I often say I enjoy prison preaching because they already realize their need for salvation. Sadly, many living free do not realize how lost and chained to sin they are even though they have physical freedom.

-Church plant:

New Life in Christ Baptist church continues to charge forward for God's glory. Praise the Lord we have gained a few visitors in recent months. One young family who we did not see for almost a year returned recently. The father of this young family seems to be on fire for God and even expressed a calling to the ministry. God is good! Our brother has several children who recently trusted Christ as their Lord and Savior. Praise God! We have several folks who need to be biblically baptized and plan to have a Baptismal service in the coming weeks.

-Korea ministry:

Thank you very much to all who have given towards the Korean Bible project. In the month of September, we had a former North Korean soldier who is now a believer visit the church. Mr. Kim plays a vital role in getting the Word of God into communist North Korea. It was his first time in America. I helped him through translation at a meeting in Florida as well as here in Wyoming. As the funds come in, we will send more Bibles by air and sea into the dark land of North Korea. Remember, friends, one page of the Bible can get you sentenced to the gulag in NK. Pray for our persecuted brothers and sisters in Christ.

-Family corner:

The children are all growing up fast and progressing in their homeschooling and life in general. They are a huge help in the ministry. We are all anxiously awaiting the birth of our 10th blessing Mary. Lydia is due at the end of December so any day now we expect to have Mary in our arms. Please pray for a safe delivery for Mom and baby.

Sincerely, The Imsands
