Pastor Ted Alexander & Family

07/27/2022

Hello, dear friends in the Gospel!

We trust this letter finds you busy about the Father's business. We are rejoicing at this time, as several first time visitors have attended recently. Last Sunday morning we had 25 in attendance in the service. The previous week we had 19 on Sunday morning. Some of these have come several times. There have been lost people dropping in on us regularly. Please pray with us that God will save the lost, send us whom He chooses, and also that Christ would build His church mightily in this needy area.

The men and ladies have had separate prayer meetings at our home. This is in addition to our regular services. We plan to continue these periodically.

Last week we reinstintuted our Sunday evening service. We are currently having that service in our home. There is a cost for everything, and we want to have this service at the Charter School location as soon as finances permit. Please pray with us about this.

I am conducting between 3-5 Bible studies per week. Tim McCrory (right side in pic.) is training with me in a few of those sessions. He is a mechanic on the F-16s here at the Airforce base. He feels called to preach. He could use your prayers. Recently we have been building the foundation under him concerning the Local, New Testament Church. It has

Luke is enjoying his summer. He will be a high school junior this year. He leads songs for all of our services. He also gets opportunities to speak in our church. He recently brought a message on the Beatitudes that got many positive comments from our people. It can be viewed on our church Facebook page and also on my personal YouTube channel. Luke is faithful in evangelism weekly. He also works a part-time job as a groundskeeper and is playing football for the Florida Christian Patriots as a homeschooler. He's a very busy young man.

In addition to the aforementioned prayer requests, please pray that our people will learn to give. The expenses in this area are very high, and we would like to see us move toward becoming autonomous in the years to come. It seems impossible in my mind at times, and I do get discouraged; however, God is able, and He always lifts me up and encourages me to press toward the mark. Please also pray for my wife and I. The stress and disappointments that have visited us are very difficult to handle at times. Thanks!

In Christ's great love,
The Ted Alexander Family

been a joy to see him soaking it all up. We recently had several out doing John and Romans, invitation, and tract distribution. This is a regular activity for us. Emma is doing as well as, or even better than expected. This is a trial that will linger. We covet your prayers long term for her and us. She is currently with us.
