

# GRISSOM FAMILY PLYMOUTH, ENGLAND

Dear Pastors and faithful supporting churches,

October 9th 2025

We extend our warm greetings from the beautiful city of Plymouth, England. We have had a brilliant summer, of which we are always thankful. Since our last prayer letter, the Lord has been doing some great things. As the seasons of change have arrived for all of us, with autumn and the holidays approaching, we would like to share what God is doing here at Lighthouse Baptist Church.

As a church, we have been praying about what more we could do to go forward in reaching our Jerusalem. In July, we began a series on stewardship, and we have had an incredible response. Many believers here have never been taught about this principle from God's word. We had 100% attendance each week, and the people took what was taught to heart. For the first time, because they began to truly give, we were able to meet our budget. It also motivated them to begin evangelising amongst the community and their friends. Praise the Lord! We had 16 visitors, one of whom was a Royal Marine who was recovering from a recent IED injury while overseas. Please pray for his recovery and salvation. We also had a family of 5 from Ireland, to name a few.

We have been praying and seeking a new location for our church. Since October 2021, we have been meeting at our Roborough Hall location, and it has served us well. The managers of the hall have been very gracious towards us, allowing us flexibility with our schedule and entrusting us with keys to the building. We have been in a location that is semi-isolated from the community. We endeavour to reach the next generation through children, teenagers, and young adults, but are hindered by our current location. Again, our people, desiring to reach others, began actively looking for a community-based location. After examining several locations, we finally found a village hall situated right in the heart of a thriving community. As of September 28th, we had our last Sunday services at Roborough Hall. It was an emotional time for us as we saw God do so much in that hall. However, we look forward to what we pray God will do exponentially at our new location, William Sutton Village Hall. God has blessed us with a beautiful place to meet, a place where children can be taught, souls can be reached, and the gospel can be spread in the surrounding area where He has placed us as a church. PRAISE THE LORD!

We could do nothing without firstly, the Lord, and secondly, your support. We are truly blessed. Thank you for your sacrifice to reach Plymouth.

Lastly, we have some prayer requests:

1. Souls to be saved in the surrounding area and Eggbuckland.
2. UK government and upcoming legislation that could affect missionaries here.
3. Spiritual growth for our young adults
4. Marriage/ Family conference in November
